

Dzyga's Paw

BRING TECH
TO 🇺🇦 DEFENCE

WHO WE ARE

Dzyga's Paw Foundation

A Ukrainian nonprofit supporting military units of the Ukrainian Defence Forces with advanced technology, crowdfunded globally.

Iryna and Dimko, young IT specialists who set aside their career and dreams after the full-scale war began, founded a charity fund in July 2022.

What started as a small initiative has expanded into a global community and a professional team that raised over \$4 million for the Ukrainian Army.

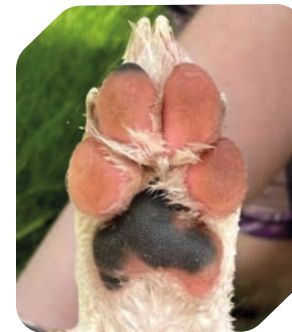

The Paw Story

Dzyga, the founders' dog, gave us our name and logo!

Her pawprint became our symbol as she inspired us while helping pack boxes for Ukrainian defenders.

We've built a community of people from over 70 countries who donate to equip Ukraine's defenders with cutting-edge technology that helps gain and retain advantage over the enemy, save lives and protect Freedom.

Our solution

We **identify** military **needs** by connecting with units on the ground

We **organize** effective **fundraising** campaigns online to secure financing

We **procure** advanced **technology** in bulk at reduced costs

We **deliver** it to the frontlines **faster** than traditional systems

CASE:

How Technology Saves Lives?

Telemedicine via satellite internet

Challenge: Shortage of experienced medics at the frontline

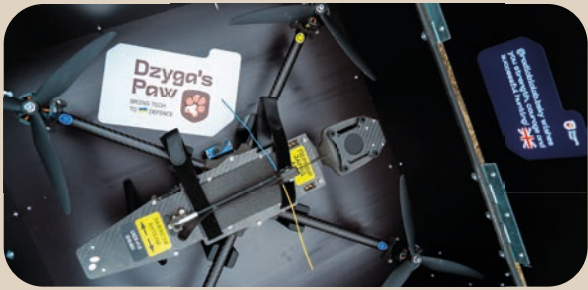

Solution: Case Study from the 12th Brigade of the National Guard of Ukraine.

Telemedicine system using Starlink connects frontline medics with expert doctors from stabilization point in real-time.

- Remote diagnosis of a life-threatening tension pneumothorax.
- Step-by-step guidance from experienced doctor saved a soldier's life.

Without Starlink, this would not have been possible.

CASE:

Technology Optimizes Resources

Battlefield Transparency: Enhancing Artillery Efficiency

Challenge: Ammo shortages and the need for precise artillery targeting.

Solution: Live drone feeds enable commanders to make real-time decisions.

Impact: Case Study from the 40th Artillery Brigade

- Set up an infrastructure for a 24/7 live streams from the drones over the battlefield zone
- Identify targets visually and know the exact coordinates
- Precise targeting reduced shell usage significantly.
- Maximized the effectiveness of Western-donated weapons.

Artillery effectiveness increases 10x with drone support.

Dimko, I got the package!
Cossack-level delivery! Thanks
again 🦊

Thanks again, huge appreciation
for your work and support 💙💛
Glory to Ukraine 🇺🇦

Wanted to say thanks, bro —
this thing is f***ing great for
the gear and everything in
general

It's literally saving us right now

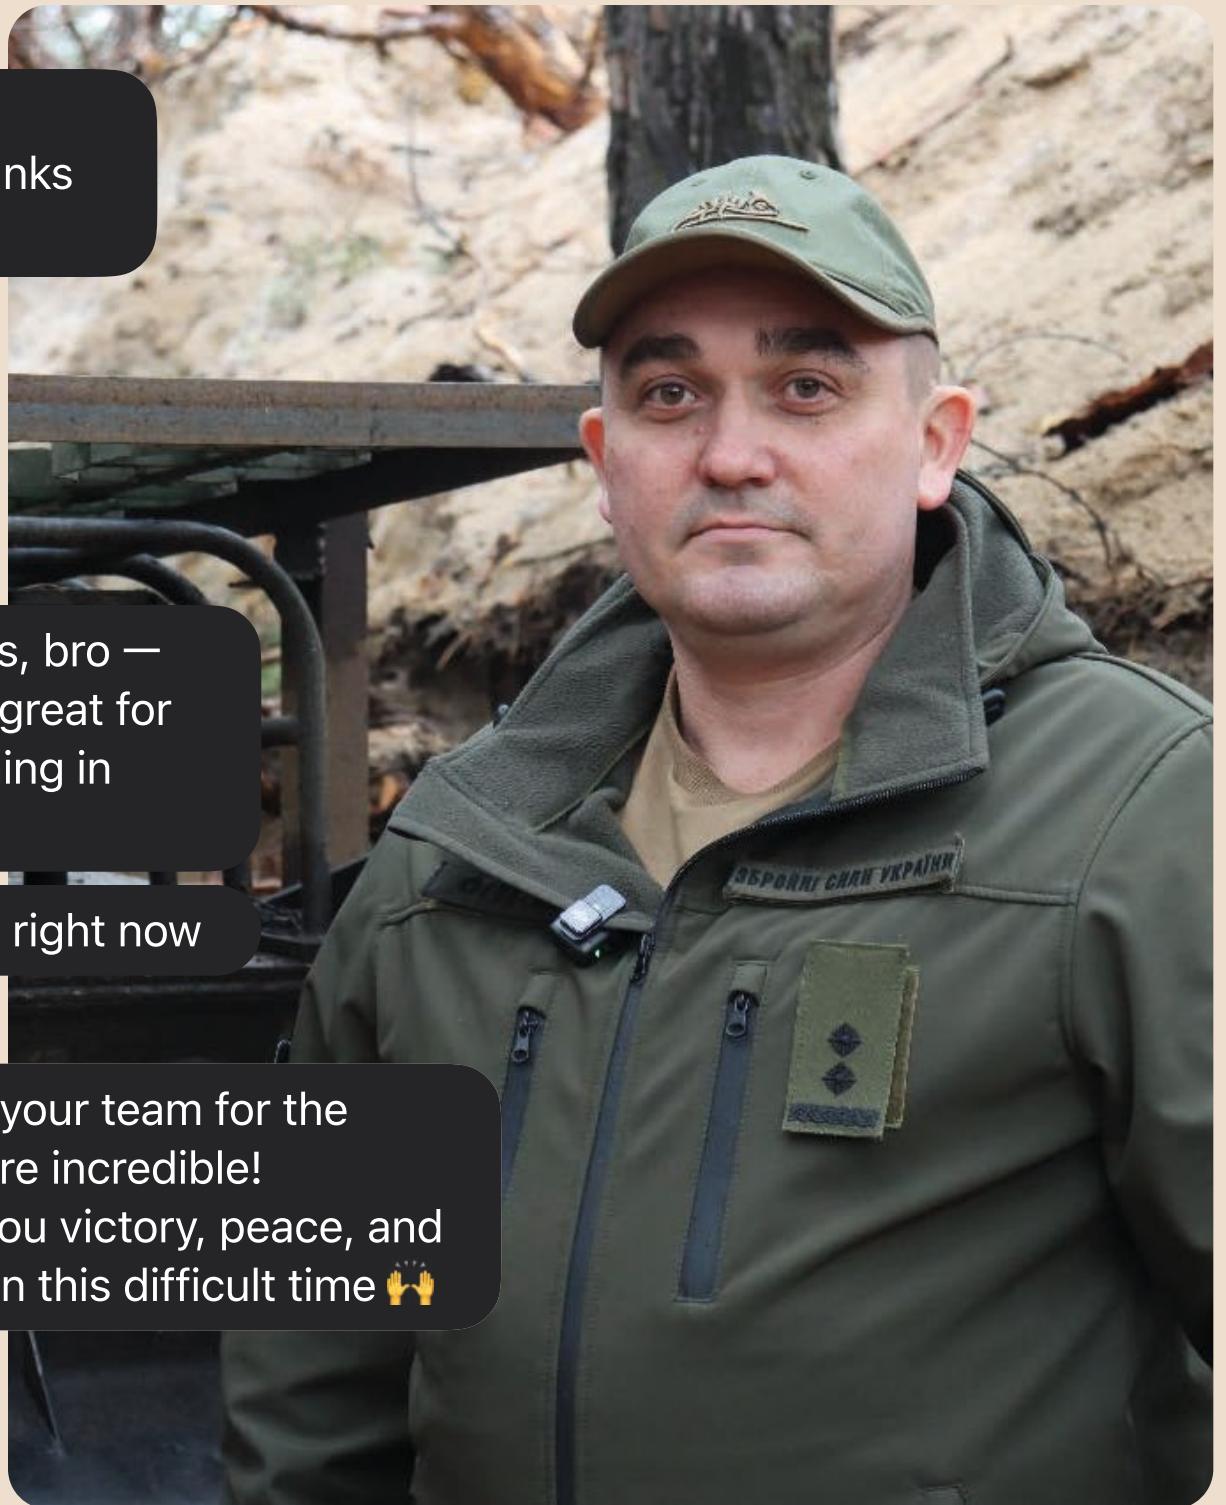

This is just incredible

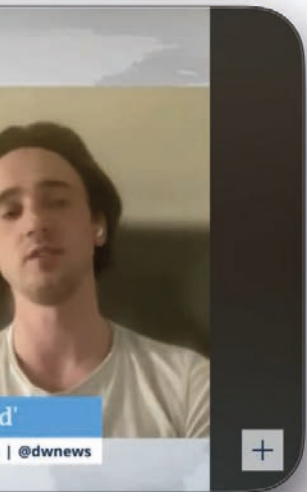

Everyone says thanks

It made life so much easier
at the firing positions

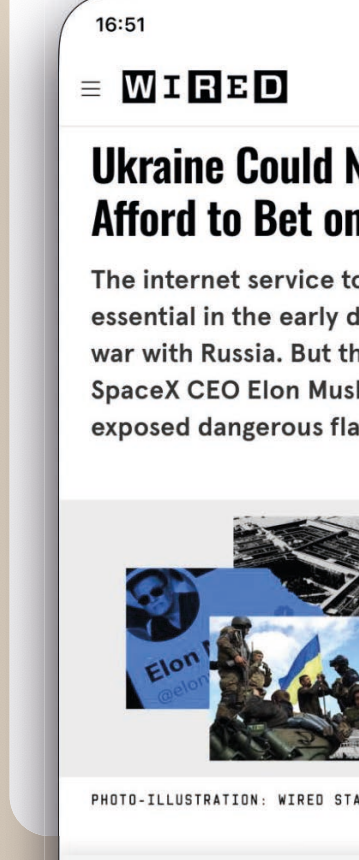

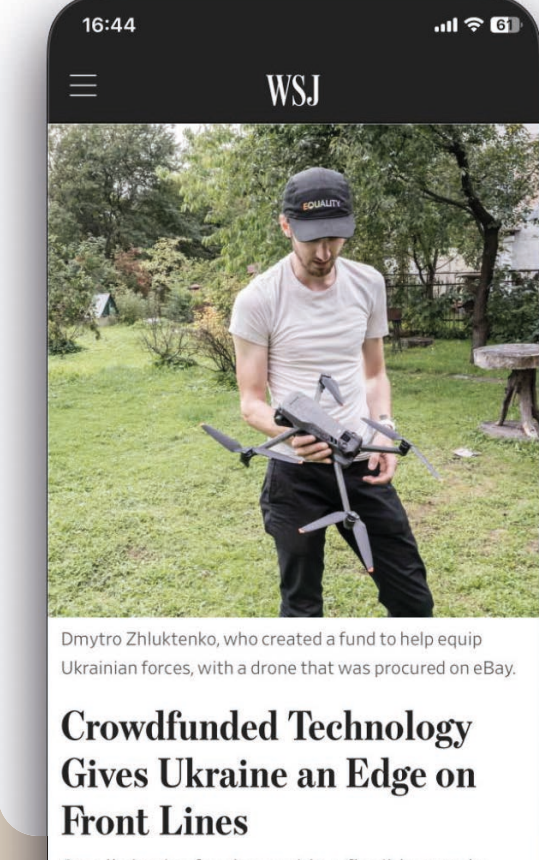

If I knew it was this good, I
would've asked for it sooner

Thanks to your team for the
work! You're incredible!
Wishing you victory, peace, and
blessings in this difficult time 🙌🙌

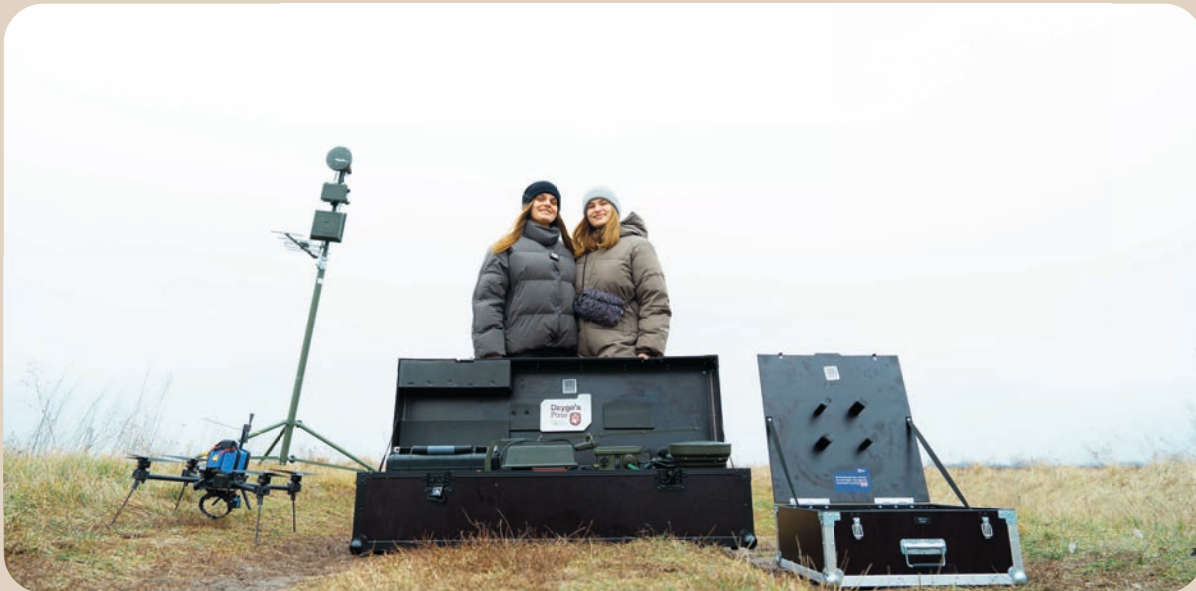

We have received recognition from leading global media outlets, including:

PARTNERSHIP OPPORTUNITIES

Monthly Donations for Equipment Purchases

Support Ukraine's military with a recurring donation

Choose your impact:

- \$5,000,
- \$10,000
- or more.

Fund critical equipment for our
permanent aid programs:

- Drones
- Starlinks
- Portable power units

**Your business logo can be engraved
on the gear.**

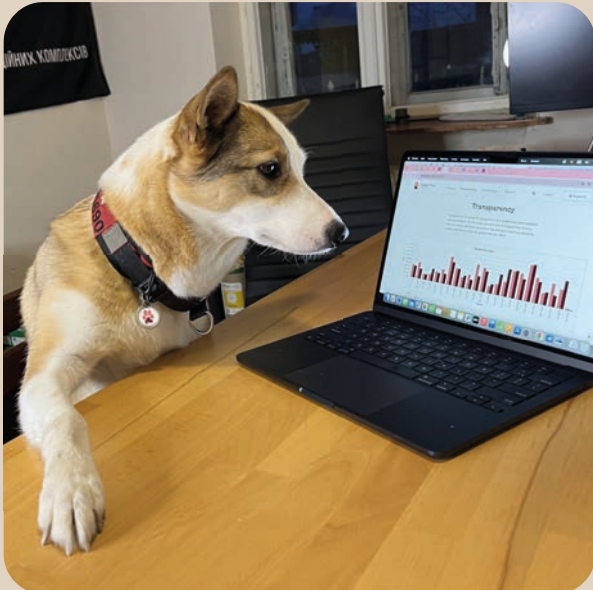

PARTNERSHIP OPPORTUNITIES

Cover our Operational Costs

Help us allocate 100% of donations to equipment by covering our \$15,000 monthly operational expenses:

- logistics
- salaries
- office

We are a highly efficient team, with only 9% spent on operations compared to the 20% standard limit.

PARTNERSHIP OPPORTUNITIES

Custom Collaboration with your Brand

Let's collaborate on a custom project tailored to your goals:

- branded campaign
- battlefield technology test
- parter event
- donation matching by your company
- product donation

Why partner with us?

Proven Impact

Recognized by Ukraine's Ministry of Defense as critical organization supplying the Ukrainian Armed Forces.

Direct Military Communication

Constantly updated on needs by working directly with soldiers, delivering equipment firsthand.

Efficiency

Up to 50% savings through bulk purchasing and exclusive supply partnerships maximize donor impact.

Fast Response

Critical equipment delivered within days in urgent situations.

Already joined: our partners

What will you get in return?

Recognition & Network:

Showcase your company as a socially responsible leader via our campaigns globally and access our worldwide community for networking & advertising.
